July 9, 2019

Divelbiss E-Newsletter - July 2019

Here is just a bit of what has been happening at Divelbiss Corporation.

- Check out our new mobile-friendly website.

[Go to the new Divelbiss.com Website](#)

- Divelbiss Corporation has partnered with **Doran Manufacturing** on a tire pressure and monitoring system. This product received an award for being one of the *Top 20 Products for 2019 from Heavy Duty Trucking*.

Divelbiss has been helping multiple customers develop and implement **Internet of Things (IOT)** packages that encompass the data collection and control through custom IOT (cloud) / file server solutions.

- In addition, we are working with customers on Artificial Intelligence (AI) solutions for integration to their IOT (cloud) platforms.

How can IOT solutions benefit you? Check out our **Groundhog Day** video to learn more.
